

Scrub Daddy, Inc. | 1700 Suckle Highway | Pennsauken, NJ 08110

MATERIAL SAFETY DATA SHEET

Issue Date: July 16, 2016

Supersedes: New

SECTION I - PRODUCT IDENTIFICATION		
Identity:	Scrub Mommy	
Brands:	Scrub Daddy	
Hazard Rating: 1	Health: 0	4= EXTREME
	Flammability: 1	3= HIGH
	Reactivity: 0	2= MODERATE
		1= SLIGHT
Emergency Telephone Number: 610-583-4883		

SECTION II - COMPOSITION AND INGREDIENTS					
<u>Ingredients/Chemical Name:</u> Polyurethane Foam/ PPM10 (polymer foam), UL-2408 (polyurethane adhesive)					
Hazardous Ingredients as defined by OSHA, 29 CFR 1910.1200.					
<u>Chemical Name</u>	<u>Common Name</u>	<u>CAS No.</u>	<u>Recommended Limits</u>	<u>Composition Range</u>	<u>LD50/LC50</u>
None					

7/15/2016

SECTION III - HAZARDS IDENTIFICATION

Health Hazards (Acute and Chronic):

Ingestion: None under normal use conditions

Eye Contact: Irritation, itching

Skin: None under normal use conditions

Inhalation: Irritation, cough

Signs and Symptoms of Exposure:

Ingestion: May cause irritation of the gastrointestinal track.

Eye Contact: May cause irritation with itching and redness.

Inhalation: May cause irritation of the respiratory track, coughing, congestion and sensitization reactions may also occur.

SECTION IV - FIRST AID INFORMATION

Emergency and First Aid Procedures:

Ingestion: If a large amount is swallowed, get medical attention.

Eye Contact: Flush eyes with plenty of water for at least 15 minutes. Then get immediate medical attention.

Inhalation: If adverse effects occur, remove to uncontaminated area. Give artificial respiration if not breathing. Get immediate medical attention.

7/15/2016

SECTION V - FIRE FIGHTING INFORMATION

Flash Point:

Explosive Limits:

Method Used:

Extinguishing Media: Regular dry chemical, carbon dioxide and water spray

Special Fire Fighting Procedures: N/A

Unusual Fire Hazards: If ignited, bonded foam can produce rapid flame spread, intense heat, and dense black smoke and toxic gases. Material can melt into a burning liquid that can drip and flow. Accumulated polyurethane dust can be readily ignited and presents a fire risk. High concentrations of dust in the air can explode if exposed to a flame, spark or other ignition sources.

Stability

Unstable:

Stable:

Conditions to Avoid:

Incompatibility (Materials to Avoid): Avoid use of material with chlorine bleach.

Hazardous Decomposition/By Products: Oxides of carbon, oxides of nitrogen, free isocyanate, acetaldehyde, acrylonitrile, polymer fragments, and hydrogen cyanide. Fire retardant foams may generate emissions of hydrogen chloride, hydrogen bromide or phosphoric acid depending on the fire retardant additive.

Hazardous Polymerization:

May Occur:

Conditions to Avoid:

Will Not Occur:

SECTION VI - ACCIDENTAL RELEASE MEASURES

Personal Precautions:

Environmental Precautions: DISPOSAL IS TO BE PERFORMED IN COMPLIANCE WITH ALL FEDERAL, STATE AND LOCAL REGULATIONS.

Steps to Be Taken in Case Material is Released or Spilled: Collect spilled material in appropriate container for disposal. Keep out of water supplies and sewers. Keep unnecessary people away, isolate hazard area and deny entry.

7/15/2016

SECTION VII - HANDLING AND STORAGE

Precautions To Be Taken in Handling and Storing: Store and handle in accordance with all current regulations and standards. Store in a cool, dry place. Store in a well-ventilated area. Store with bases. Keep from incompatible substances. Use methods to minimize dust. Do not store near any ignition sources such as exposed electrical or gas heating elements, open flames, and exposed lights.

Other Precautions:N/A

SECTION VIII - EXPOSURE CONTROLS, PERSONAL PROTECTION

This section only applies to the product when used in an industrial setting.

Respiratory Protection (Specify Type): If needed use appropriate NIOSH-approved respirator based on identity and concentration of air contaminant.

Ventilation: *Local Exhaust:* Provide local ventilation system.

Special:

Mechanical

(General):

Other:

Eye Protection: Recommended if dust is generated.

Protective Gloves: Used for cutting operations or during hot processing operations.

Other Protective Equipment: Wash contaminated clothing before reuse. Observe good industrial hygiene practices. Wash hands before breaks and immediately after handling the product. Do not eat, drink or smoke when using the product. Wash hands before handling. Do not handle until all safety precautions have been read and understood. Obtain special instructions before use.

7/15/2016

SECTION IX - PHYSICAL AND CHEMICAL PROPERTIES

Boiling Point (°F): Not Applicable
Vapor Pressure (mm Hg): Not Applicable
Vapor Density (Air=1): Not Applicable
Odor Threshold: Slight characteristic odor
Coefficient of Water/Oil Distribution: Not Applicable
Viscosity: Not Applicable
Density: 0.5-40 lbs/cu.ft.
Appearance and Odor: Pink, Purple, Blue, Odorless

Specific Gravity (H₂O=1): Not Applicable
Percent Volatile by Volume (%): Not Applicable
Evaporation Rate (nBuOAc=1): Not Applicable
Freezing Point: Not Applicable
pH : Not Applicable
Reserve : Not Applicable
Solubility in Water: Not Applicable
Physical State: Solid (foam)

SECTION X - STABILITY AND REACTIVITY

Possible Hazardous Reactions/Conditions: Hazardous polymerization will not occur.

Conditions to Avoid: High temperature, open flames, strong oxidizers case cause discoloration to foam.

Materials to Avoid: Strong oxidizing acids and bases will degrade product.

Hazardous Decomposition Products: Oxides of carbon and nitrogen, free isocyanate, acetaldehyde, acrylonitrile, polymer fragments, and hydrogen cyanide. Fire retardant foams may generate emissions of hydrogen chloride, hydrogen bromide or phosphoric acid depending on the fire retardant additive.

Other Recommendations: N/A

SECTION XI - TOXICOLOGICAL INFORMATION

Vapors- irritating vapors may be produced if product is exposed to temperatures over 350 F.

SECTION XII - DISPOSAL CONSIDERATIONS

Waste Disposal Method: DISPOSAL IS TO BE PERFORMED IN COMPLIANCE WITH ALL FEDERAL, STATE AND LOCAL REGULATIONS.

7/15/2016

SECTION XIII - TRANSPORT INFORMATION

U.S. Department of Transportation: No classification assigned.

Canadian Transportation of Dangerous Goods: No classification assigned.

Land (ADR/RID), Air (IATA/ICAO) and Maritime (IMDG) Transportation: No classification assigned.

SECTION XIV - ADDITIONAL REGULATORY INFORMATION

U.S. Regulations:

OSHA process Safety (29CFR1910.119) : Not Regulated.

U.S. Inventory (TSCA): Finished foam product is classified as an Article under TSCA, and is therefore exempt from Inventory reporting.

State Regulations: California Proposition 65: Not regulated

All ingredients are CEPA approved for import to Canada by Procter & Gamble. This product has been classified with Hazard Criteria of the Canadian Controlled Products Regulation (CPR) and this MSDS contains all information required by the Controlled Products Regulation.

7/15/2016

SECTION XV - OTHER INFORMATION

****N/A Not Applicable**

The submission of this MSDS may be required by law, but this is not an assertion that the substance is hazardous when used in accordance with proper safety practices and normal handling procedures. Data supplied is for use only in connection with occupational safety and health. The information contained herein has been compiled from sources considered by Scrub Daddy, Inc. to be dependable and is accurate to the best of the Company's knowledge. The information relates to the specific material designated herein, and does not relate to the use in combination with any other material or any other process. Scrub Daddy, Inc. assumes no responsibility for injury to the recipient or third persons, for any damage to any property resulting from misuse of the controlled product.
