## 108MP super-clear camera

Introducing the revolutionary 108MP super-clear camera to Redmi Series - the ultimate tool for capturing life's most precious moments in stunning detail. Whether you're a photography enthusiast, or simply want a reliable camera to capture great-looking photos with, Redmi 13 is the great choice for you.

## Stylish glass back design

Redmi 13 boasts a sleek glass back design that not only enhances its appearance but also provides an elevated in-hand feel. Available in four color options—Midnight Black, Sandy Gold, Pearl Pink, and Ocean Blue—there's a hue to suit every taste.

## Immersive 6.79" 90Hz display

Redmi 13 features a 6.79" immersive 90Hz AdaptiveSync display, which provides an excellent viewing experience whether you're watching movies, scrolling through social media, or browsing the web, the auto-adjusting refresh rate helps optimize your visual experience while extending battery life. Redmi 13 also boasts three certifications from TÜV Rheinland: TÜV Rheinland Circadian Friendly, TÜV Rheinland Low Blue Light, and TÜV Rheinland Flicker Free, to keep your eyes protected and reduce visual fatigue.

## MediaTek Helio G91-Ultra

Redmi 13 is equipped with a new, powerful MediaTek Helio G91-Ultra processor. Combined with Xiaomi HyperOS, it delivers fast, smooth performance and unlocks demanding features like high-resolution 108MP

photographs. Redmi 13 is also optimized to minimize performance degradation over time, tested to retain its seamless out-of-box user experience even after 36 months of regular use.

## 33W fast charging with massive 5030mAh (typ) battery

Redmi 13 supports 33W fast charging for users to top up quickly and conveniently. With its massive 5030mAh (typ) battery, Redmi 13 provides endless endurance, effortlessly lasting through a full day of extended use. Redmi 13 also uses a safer and more reliable battery cell, providing safer and more reliable protection for battery safety.
